

THE LITURGICAL THESIS OF LOVE

Thank you!

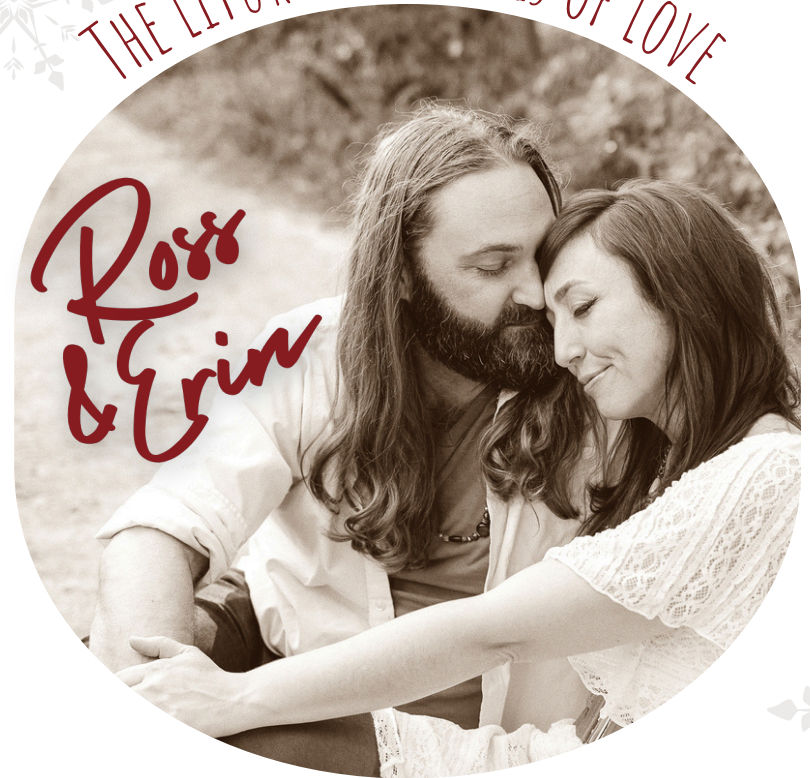

Your presence here today means the world to us.
Thank you for bearing witness to the immense joy of our union.

Thanks to our sound engineer Mark Allen

Thanks to Cory Robinson we are live-streaming this ceremony so that it can be shared with family and friends who can't be here physically today, and we can also enjoy re-playing it whenever we need to be reminded of why we are here.

We are here to learn how to love. . .
